4 STEPS TO A CLICK

Buyers saw your best lesson and kept scrolling. A click takes four steps, and one of them broke.

get noticed

STEPS 1-2

First the post has to show up for your buyer, then win the glance. Packaging that says who it's for and what they get does both.

get read

STEP 3

Then the first lines have to keep them reading. Open with their problem, not your intro.

then convince

STEP 4

Last, the content has to show you can solve it. Show your method working, so booking a call feels like the next step.

check in order

BEFORE YOU POST

A click is the first step to a call, so check all four steps in order before you post. Save this and run it before your next post.
